

DURABLE

Constructed primarily from aluminum stock, this is one tough workstation that won't let you down on the job. A limited lifetime warranty is provided on all manufactured components.

ERGONOMIC

Weighing in at a sleek 35 lbs., pushing this workstation around all day won't qualify as a workout at your local gym. In addition, if you need to rest your feet the LapMotion I is easily height adjusted from a standing height to a comfortable sitting height.

ECONOMICAL

Can't justify spending \$3000.00 or more for your computer workstation? In most configurations the LapMotion I can be purchased for less than \$1000.00.

CONFIGURABLE

The LapMotion I is available in four different configurations, has two base options, and two power supply options. In addition our factory can build custom attachments to your specifications.

LAPMOTION I

DURABLE, ERGONOMIC, ECONOMICAL, CONFIGURABLE
